NATURE OF BUSINESS

Agri-inputs marketplace for seeds, farm machinery and non-chemical crop care; licensed to trade

1. Nature of business

SURYA ENTERPRISES, trading as Surya Enterprises, is a licensed agri-inputs marketplace based at Rajdhani Krishi Mandi, Jaipur, with a corporate office in New Delhi. It sells seeds, traps & repellents and farm machinery — vegetable, field, forage and flower seeds; pheromone traps, lures, sticky traps and animal repellents; sprayers, tarpaulins, hand tools, tillers and irrigation equipment — from leading brands (Syngenta, Namdhari Seeds, East West, Bayer, Barrix and KisanKraft) directly to farmers and institutional buyers through its website, its Jaipur store and an institutional desk. Founded in 2023 as a backend support channel for the agri-inputs supply chain, the company was incorporated to build the Surya Marketplace.

1. Licensed agri-inputs marketplace: genuine products from leading seed, crop-care and machinery brands, supplied in sealed manufacturer packs (ISO and ZED certified business).
2. Sells directly to farmers (B2C, 70% of sales) and to universities and institutes, bulk enterprises, dealers and co-operatives (B2B, 30%).
3. Catalogue: 3,917 products (5,556 pack sizes) from 181 brands — seeds, traps & repellents and farm machinery — priced ₹13.95 – ₹6,70,000 per pack; every pack size is its own listing with its own price.
4. Three product lines only: seeds; traps, lures and animal repellents (non-chemical crop care); farm machinery and equipment. Nothing else is stocked or sold.
5. Bulk quantities and custom packaging by quotation through the institutional desk; every online product is also sold at the Jaipur store.
