NATURE OF BUSINESS
Licensed agri-inputs marketplace offering leading brands alongside Surya Enterprises' own crop-protection range

1. Nature of business

SURYA ENTERPRISES, trading as Surya Enterprises, is a licensed agri-inputs marketplace based at Rajdhani Krishi Mandi, Jaipur, with a corporate office in New Delhi. It sells seeds, crop protection, crop nutrition, farm machinery and animal husbandry products from leading brands (Syngenta, Namdhari Seeds, East West, Bayer, Dhanuka and KisanKraft) alongside its own crop-protection range, directly to farmers and institutional buyers through its website, its Jaipur store and an institutional desk. Pesticides, urea and other regulated goods are not sold online. Founded in 2023 as a backend support channel for the agri-inputs supply chain, the company was incorporated to build the Surya Marketplace.

1. Licensed agri-inputs marketplace: genuine products from leading brands alongside Surya's own crop-protection range (ISO and ZED certified; marked “Manufacturer direct” online).
2. Sells directly to farmers (B2C, 70% of sales) and to universities and institutes, bulk enterprises, dealers and co-operatives (B2B, 30%).
3. Online catalogue: 5,097 products (7,910 pack sizes) from 297 brands can be bought online — seeds, traps & lures, crop nutrition and farm machinery — priced ₹12 – ₹6,70,000 per pack; 1,977 further listed products are sold only at the store and institutional desk.
4. Not sold online: pesticides (insecticides, fungicides, herbicides, PGRs), urea, animal-husbandry products, adjuvants and other agricultural chemicals, and knives are marked “Not for online sale” and supplied only at the Jaipur store and through the institutional desk against a valid requirement.
5. Bulk quantities, technical grades and custom packaging by quotation through the institutional desk; every online product is also sold at the Jaipur store.
